

Learning About Business

a once-in-a-lifetime experience

What: LAB Week 2012... run a "company" with your teammates... learn from industry leaders and apply real-world business principles... network with dozens of top area business professionals... compete with other teams for awards... have your accomplishments recognized at the graduation ceremony. Be one of sixty high school juniors and seniors chosen to participate in this hands-on learning experience. LAB is sure to provide you with life and career strategies and tools no matter what vocation you choose.

Why: Learn life skills as well as business strategies... develop and test your leadership skills... face real-life challenges... learn to think on your feet... handle stressful situations... see what you're made of... and all while you're having fun and making new friends.

Where: You'll live in a dormitory on the campus of Lake Erie College in Painesville, Ohio.

When: Sunday, June 17 - Friday, June 22

How: Complete an application and send it to LAB no later than March 15, 2012.
